Summary

Being an enthusiastic person I want to obtain a challenging position in an organization that makes me use my educational knowledge and problem solving skills in the best possible way for achieving the organization goals.

Education

KIET	B-Tech (CSE-AI & ML) - 7.24 CGPA	2020 -2024
	Kakinada Institute Of Engineering And Technology	
	Intermediate (MPC) - 9.8 CGPA	2018 -2020
	Aditya Junior College	
	SSC (TENTH) - 9.8 CGPA	2017 -2018
	Sai Teja Vidyanketan	

Internship & Certifications

IBM SkillsBuild Internship | Edunet Foundation

Implementing machine learning model to analyze the employee burnout based on different cases and designations to help the users to manage their work.

Projects

Diabetes classification using Machine Learning

A machine learning model which is trained on diabetes dataset to analyze and make a prediction whether a person is having the diabetes or not by their health conditions using SVM algorithm.

Technologies Used: Python, HTML, CSS, Flask

GitHub Link: <https://github.com/chaituboda/Diabetes-Classification>

Data Visualization with MERN stack

A web application which can take a dataset (.xlsx) as the input and can visualize the values in each column in a clear graphical view to make the data easy to understand by storing it in the database.

Technologies Used: MERN stack

GitHub Link: https://github.com/chaituboda/DATA_VISUALISING

Skills

Technical

- C programming
- Python
- HTML
- CSS
- Javascript
- React.js
- Express.js
- Mongodb
- Flask

Non-Technical

- Time management
- Communication
- Problem Solving
- Team working
- Hard Working

Languages

• English

• Telugu

Certificates

- Python Certificate from Infosys springboard
- ML certificate from Infosys springboard
